OBJECTIVE

To obtain a position that utilizes my Computer Science education and technical skills.

EDUCATION

Bachelor of Science
Expected: May 2024
Lewis University, Romeoville, Illinois
GPA: 3.59/4.0
Major: Computer Science

IT INTERNSHIP

PolarisIO, Geneva, Illinois (remote worker)
Summer 2022
A technology start-up business that provides a SaaS platform enabling firms to protect, retain and grow their highest value key accounts.

Intern, Engineering & Operations
Provided programming assistance on projects as I worked closely with the Data Engineering Lead on real world solution enhancements to the AWS-based cloud platform that the company markets and sells to large companies. I utilized my Python programming skills in the following areas:

- Parsing company and industry newsletters based on user keywords and providing reformatted output
- Downloading, analyzing, and summarizing data from the U.S. Census Bureau
- Scanning and extracting high value information from company websites

WORK EXPERIENCE

Joy's Best Friends Best Bites, Orland Park, Illinois
June 2021-Present
A family-owned pet food store with an on-premises bakery.

Sales Associate
Duties include:

- Assisting customers with purchase decisions.
- Managing opening/closing/clean-up of store.
- Processing customer payment transactions.

ACTIVITIES AND AWARDS

Dean's List, Lewis University, all semesters
Recipient, Frank J. Lewis Scholarship, August 2020-Present

TECHNICAL SKILLS

On the job experience with Python
Knowledge of JAVA and C++.
Proficient in Microsoft Office and Teams
Proficient in social media outlets including Facebook, LinkedIn, Instagram, YouTube, and Twitter
